

SPECIAL ENRICHMENT ACTIVITIES/PROGRAMS

King's Children Pre-Kindergarten program is comprehensive and challenging, offering our children the opportunity to experience a rich variety of academic activities, which will ultimately enhance their Kindergarten experience through language arts, math and reasoning skills. Phonics, rhyming, word families and vowels are practiced through daily worksheets, structured circle time and weekly homework designed for parent involvement. High-density "see" words are sent home every 2 weeks for review, laying the groundwork for the child to become a strong pre-reader/reader upon their exit from our program. Exercises in addition and subtraction through visual math applications help in their reasoning and understanding capabilities. This program is generally offered to children ages 4-5 years, but is based upon their emotional and social development upon entrance.

We also offer a unique Art Awareness Program four times throughout the school year. A master artist is selected and students learn about that artist's life and artistic style. Each child produces a frameable "masterpiece" imitating the artist's technique.

A wonderful tradition here at King's Children Preschool is our Annual Christmas Program. Every student is involved in the telling of the much-loved story of Jesus' birth through word and song! We conclude this event with our sharing of a "Happy Birthday Jesus" cake.

Additionally, we have delightful class holiday parties, periodic field trips, Scholastic book Club, Special Child of the Week and that's just a portion of what goes on at our school!

KING'S CHILDREN MISSION STATEMENT

*Our mission,
as King's Children
Preschool, is to
Proclaim Jesus Christ
and His Word.
We seek to inspire
excellence in learning
and nurture the
whole child, while supporting
each family and the
Christian community.*

WHAT IS THE "WHOLE CHILD"?

At King's Children, we view the "whole child" to include development in the following areas:

**SPIRITUAL
PHYSICAL
COGNITIVE
SOCIAL
EMOTIONAL**

We celebrate each child's individuality as God's special creation and encourage them to grow within the love of Jesus!

HOW DOES KING'S CHILDREN DEVELOP THE "WHOLE CHILD"?

We encourage spiritual growth through daily Bible Story time, monthly chapel visits and the use of prayer throughout our day.

In the area of physical maturity, we offer activities and equipment to advance growth in fine and gross motor skills.

To advance cognitive development, King's Children offers a positive emphasis on academics to prepare students for elementary school.

In the areas of social and emotional growth, we promote responsibility for one's actions, encourage age appropriate independence, and support the treatment of others with kindness and respect.

JESUS loves me!

KING'S CHILDREN BACKGROUND

King's Children Preschool was founded in 1994 by a group of members and parents from the local community.

Our Director/Teacher, Cheryl Packard, has been a teacher at our school since 1999 with experience in art and Early Childhood Education.

The school provides students with a nutritious morning snack while lunches are brought from home.

King's Children Preschool admits students of any race, color, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in admissions, scholarship programs and other school administered programs. Preference is given to Triumphant King Lutheran Church members.
